Critical Infrastructure

### Copper

"From renewable energy infrastructure to electric vehicles, the transition to net zero cannot happen without copper." – Eduardo Mencarini, Partner at McKinsey

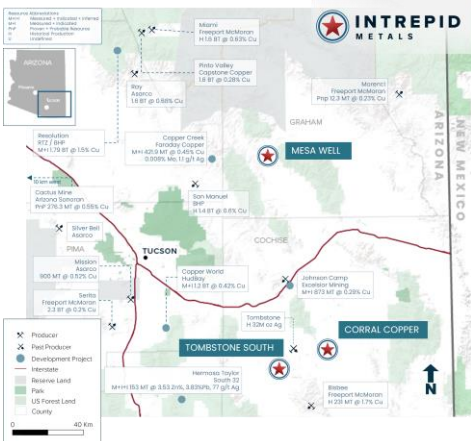

### Silver

Electric vehicles expected to account for 49% of silver use in automobiles by 2040 as virtually every electrical connection in a vehicle uses silver.

### Zinc

Zinc's role in the energy transition is its use in energy storage systems, which include uses in several battery chemistries.

## Arizona – A Tier 1 Mining Jurisdiction

**~70% of all US copper** is produced in Arizona

Has a supportive government

## Investor Presentation

## 2024 Drilling Validated Project Potential

### Advanced Stage Exploration

- Contains high-grade copper and gold mineralization, including **20.20% Cu, 8.51gpt Au and 250.0gpt Ag in Hole CC24\_023**

### Flanked by Majors

- Following the 2024 program, two majors have acquired mineral rights immediately adjacent

### Land Position

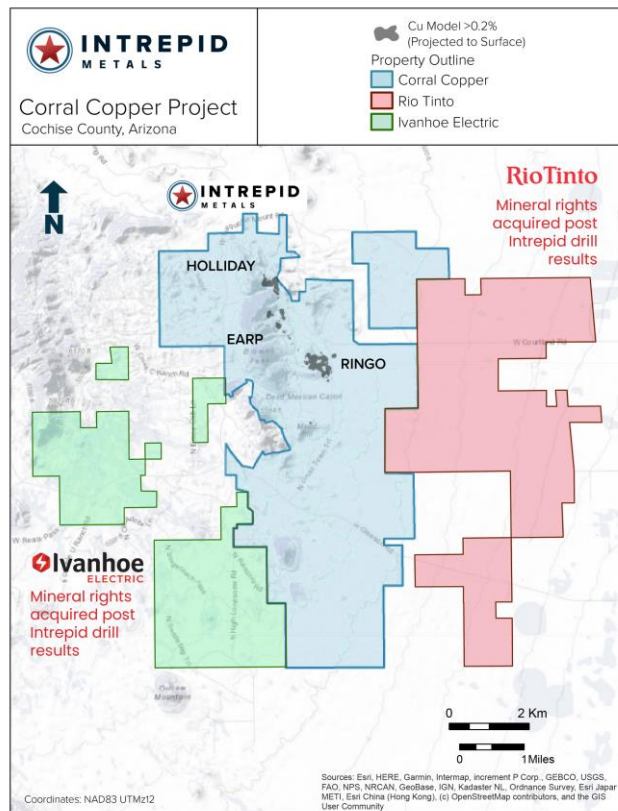

- Located in historical mining camp
- First time land package has been consolidated: ~9600 acres (15 square miles)
- No comprehensive district wide exploration program due to previous fractured land ownership structures and commercial disputes

### Historic Work

- Over 50,000m of historical (shallow) drilling
- Small-scale mining, late 1800's and early 1900's (~49M lbs Cu at 1.57%, ~5M oz Ag at 3.37 oz/t (95g/t), 68k oz Au at 0.044 oz/t (1.25 g/t))z

### Established mining region of Arizona

- 15 miles east of the famous mining town of Tombstone & 22 miles north of the historical Bisbee mining camp (produced >8B lbs of Cu with grades of up to 23%\*)

## TOMBSTONE SOUTH

### Strategically Situated Property

- Potential to discover** substantial, high-grade silver/lead/zinc veins and carbonate replacement deposit similar to those mined nearby
- Proximate to productive** Tombstone base metal district and to billion-dollar copper deposits
- Geological similarities** to Taylor deposit bought by South32 for US\$1.3B in 2018
- High grade intersections** on the property in historic drilling
- Drill permits granted**
